

Sivoo's Data Center Staked In Germany

Willkommen to Sivoo Data Center in Frankfurt

PHILADELPHIA, PA, USA, 8 Nov 2021 /24-7PressRelease/ — SIVOO Inc., a global network of multicultural on-demand entertainment programming has expanded its global content delivery network into Frankfurt, Germany.

Active and projected growth have dictated a necessity to open data centers in Frankfurt, Germany. With an obvious strategic position to support Europe and Western Asia, Frankfurt has special global significance as it is uniquely interconnected to the United States, Africa, the Middle East and India. This location will increase Sivoo's CDN capacity to handle millions of requests every hour.

"Frankfurt's servers will allow SivooTV to provide seamless delivery of our millions of content titles to its global users", said Sean Berner, Sivoo's Chief Technical Officer. He added, "We're equally excited to connect directly to the primary telco carriers in the African and Indian markets."

About SIVOO

Founded in 2000 and rebooted in 2017, SIVOO, Inc., pioneered a digital streaming network of on-demand multicultural entertainment over the Internet. It serves telcos and mobile operators across the world with millions of titles of quality on-demand content that is available to PCs, televisions, and mobile phones. In addition, SIVOO gives consumers the choice of watching ad-supported content for free or without ads for a nominal fee. SIVOO's proprietary system currently serves all major mobile platforms as well as OTT devices.

SIVOO is headquartered in Philadelphia, Pennsylvania, USA.

SIVOO is a trademark of SIVOO Holdings, Inc. All other trademarks are the property of their respective owners.
